# FUN MATCH

9am Monday Sept. 5, 2022

at Kukini's Training Facility in Mountain View

Gates open at 8am. **ENTER VIA EMAIL!!**

[Angelic.ebbers@gmail.com](mailto:Angelic.ebbers@gmail.com)

(in the email: specify Dog, Handler, Jump Height, classes)

For directions to the field, location photos, and more, please see

[www.kukinidogagility.com](http://www.kukinidogagility.com). Get your adrenaline pumping with the following USDAA style classes: **Regular Agility, Jumpers and another game (TBD)**.

Since we are all new to USDAA, we'll be offering the courses at the starters level to begin level progression. The courses will be set up for practice/training about 1 week before the event as USDAA encourages us to train and send in our best performance (which may or may not occur during the match).

In addition, we'll be having our annual member meeting just before the funmatch begins!

Bring chairs and pens / crates. Shade tents are welcome but not necessary. We have a 4000 sq ft covered area where spectators and human and canine competitors can gather together and enjoy the fun. Classes will be run either on a 100' x 120' grass ring just outside the covered area or on smaller courses inside the arena. There's a large doggie pool and an off-leash area for ball & Frisbee. There will be no food available on site.

**Entry Fee: \$5 per class per dog**

**Members Special: Enter all 3 classes for \$10 per dog.**

**Video Trial Q's (Qualifying Scores):** We will be using courses approved by USDAA for the month the event is planned, so if you want to record your run with your phone, we will help facilitate. There is then a process for submitting the video if you want to try to have it approved as a Q to contribute to titles. It's fairly easy to submit. You will know in advance if the run is clean and whether you made time. Go to USDAA.com to register and for more information.
